## About Me

---

Hi, I'm Ramadhan!

I am a dedicated backend and frontend developer with a strong passion for web development. My journey began as a frontend developer, creating student portfolios, and has since evolved into an IT support role at my campus.

I have extensive experience with JavaScript, HTML, CSS, and Python, along with expertise in frameworks such as React.js for frontend development and Node.js with Express for backend development.

My ultimate goal is to become a professional in the IT industry and contribute to a leading startup. I believe that great achievements stem from continuous learning and perseverance, and I am committed to refining my skills to make a meaningful impact.

If you share similar interests or are looking for collaboration opportunities, feel free to connect with me. Let's build something innovative together!
